Good Afternoon Jack,

Thank you for the attached e-mails. It appears that the rental equipment was secured to perform work on Tar Creek OU2. So, I have included my EPA counterpart Bob Sullivan (who is the RPM for OU2) on this e-mail, so that he is aware of the situation. This e-mail will also be forwarded to our CH2MHill counterparts, to investigate this matter further. During a discussion this afternoon with CH2MHill, I was reminded that they require the subcontractors to have Surety Bonds. I am confident CH2MHill will investigate this matter further and provide Bob and you with an update, and measures that will be pursued to achieve resolution. If you have any additional concerns, please let us know. Have a pleasant afternoon everyone.

Thank you for the phone call this morning. I appreciate your help with this problem. As we discussed, below is some of the email traffic regarding this problem. You will see we have copied Dan Hernandez of Hill so he should be aware.

Best Regards,

jack

Thank you John however we have not received payment. Please check and let me know. If it were sent last week possibly it was lost or sent to the wrong address.

Best Regards,

jack

Jack,

I payment went out to you guys on last weeks check run. I am not sure the amount but I do know you had a check cut.

Thanks,

John

Jack,

We got the email notification for our payment late yesterday so I have asked the office to send you guys a payment. Once I know how much I will let you know. It probably will not be for the whole total as the payment we received was not for that project our there but it is some cash so we will make a payment to reduce what we owe you.

Thanks for the patience,

John

Jack we can discuss it however I am out of the office today. I am correct that we owe around \$4,300 or so? I will get with the office and see as I thought they sent you half of that payment on our most recent check run. It took a couple extra days to process payments this month as we only received one payment from our project out there and then other two did not come in. Left us short and we had to adjust payments. If check has not gone out yet as I know then final check run was done yesterday I can probably make a \$2000 payment on my credit card if that will help.

Let me know as I am out all day today but will monitor my emails from my phone.

Thanks,

John

Jack we have received notice from CH on payment via ACH but it has not cleared into our account yet. I will expect it will be there by Monday and we can make payment by next week. If for some reason that changes I will let you know and make other arrangements.

Thanks for your patience.

Jack,

You guys are scheduled for a payment upon the next CH2M Hill payment to us. We are told it should be around the 30th or 31st of this month. It will take us a few days to process and cut checks. Thanks for your patience.
